One of the most famous fjords in the world, Geirangerfjord is where you'll find Norway's mightiest waterfalls: the Seven Sisters, the Bridal Veil, and the Sutor. Day 12: Wednesday, May 28, 2025 Loen - Bergen Be inspired by Norway's most impressive landscapes en route to Bergen – the gateway to the fjords. Founded with Viking roots, the Bergen of today is known for its old-world charm and scenic landscapes. (B)

Experience It! Norwegian Fjords

The evolution of the fjords began some three million years ago, when Norway was covered by an ice cap thinner along the coast than inland. With the arrival of a milder climate, the ice began to melt and produce great waterfalls that logged the soil and descended to the sea. Valleys were filled in by the ocean, creating the fjords. Surrounded now by steep rocky mountains, dissected by cascading waterfalls, and decorated with thriving fruit trees, the fjords are among Earth's most inspiring landscapes. You'll often find the Fjords of western Norway at the top of annual must-see lists alongside the Pyramids of Egypt and the Grand Canyon. This dramatic masterpiece of nature is a true wonder of the world; where the air is pure, the water is clear, and nature is unspoiled. No photograph can ever do justice to the Norwegian Fjords; it is a place that must be seen to be believed.

Expect some longer days with early mornings or late nights balanced with free time to recharge or set out on your own adventure. This level is not a fit for travelers who require mobility assistance devices.

If you require any special assistance while on tour, please make us aware at time of reservation so the necessary request form can be sent to your attention.
