## **Carson City Chamber Leadership Institute Class of 2025 Seeks Community Support for High School Ticketing Booth Renovation**

Carson City, NV — The Carson City Chamber Leadership Institute Class of 2025 is excited to announce an ambitious project to revitalize the weathered and outdated Ticketing Booth at Carson High School. This much-needed transformation is projected to cost \$150,000, and the leadership team is reaching out to the community and Carson High School Alumni for support to make this vision a reality.

The Ticketing Booth has been a longstanding fixture at Carson High School, serving countless students, athletes, and visitors over the years. As times have changed, the need for an updated and functional ticketing facility has become clear. The revamped structure will not only modernize the appearance but also enhance the overall experience for everyone attending events at the school.

The Carson City Chamber Leadership Institute Class of 2025 is proud to lead this effort to improve our community. This project is more than just a building—it's about showing our support for Carson High School students and creating a welcoming environment for alumni, families, and visitors.

The new ticketing booth will feature updated amenities, improved accessibility, and a design that reflects the spirit of Carson High School. The project aims to create a lasting impact, fostering a sense of community for future generations of Carson High students.

To achieve this goal, the Carson City Chamber Leadership Institute is seeking contributions from local businesses, community members, and Carson High School Alumni. Donations will directly

fund the construction, ensuring that every dollar goes toward enhancing the experience for the Carson High community.
